

ISA Lehigh Valley Section 2021 Stangil Scholarships

**Applications must be submitted by:
March 31, 2021.**

The Lehigh Valley ISA section has been awarding scholarships to deserving students since 1971.

2021 marks our 50th year of Scholarships!

Who can apply?

- **High school/technical school students** in the Lehigh Valley PA local area, in a STEM curriculum, potentially studying to pursue careers in automation-related fields. **\$500** Stangil Scholarships will be awarded to 2-3 winning students.
- **2 or 4 year college/university students** in the Lehigh Valley PA local area pursuing careers in automation-related fields. **\$1,000** Stangil Scholarships will be awarded to 2-4 winning students.

Eligibility

Must be currently enrolled at a local Lehigh Valley PA school, in any of the STEM disciplines, ideally within the various automation, instrumentation and controls fields.

A related *internship*/co-op experience is a plus, but not a requirement.

Note: Winners will be contacted via e-mail by April 30, 2021. Checks will be mailed directly to the winners.

Scholarships will be decided by the LVISA scholarship board.

Requirements

Submit a one-page application letter answering the following 3 questions:

1. What are your career goals relative to the automation field?
2. Describe your experience with automation thus far (class projects, internships/co-op, hobbies, etc.)
3. How will this scholarship help you to contribute to the field of automation now?

The application must include:

1. Full name
2. Email address
3. Mailing address
4. Relevant courses taken
5. Cumulative GPA
6. Faculty reference
7. Graduation date
